

SAFEGUARD PRACTICE: SHOWING ROI

Selecting this door indicates that your realization that there is a problem, and you'd like some help in further analyzing it!

Taking the time to observe the situation as an individual is the first important step. **Now** by involving the group, you can choose together what the patterns are to be addressed.

Daily Stand-Up Questions

1. What is the customer value of the non-story work you are doing?
2. What value could you demonstrate from current work if you stopped early?

Weekly Retrospective Questions

This is intended to take a full 60 minute retrospective meeting.

1. Look at all the work you completed this week.
2. Make 2 groups: 1) work you did until it was done and 2) work you did until it had achieved the target value.
3. Why did each story fall into the category it did? Categorize by reason. What could you do to increase the percentage of work that you do until reaching target value?
